

MEMORANDUM

TO: Council President Schutt and Members of Council
FROM: Shane McAviney, Director of Parks and Recreation
DATE: Wednesday, December 7, 2022
RE: Ohio Geese Control – Parkview Recreational Area

Over the past several years, Mayfield Village has used Ohio Geese Control to help manage the issue of geese in the Parkview Recreational Area. This includes the Soccer and Softball Fields, The Grove, and the Tennis and Bocce Court areas. We've seen a huge decrease in number of geese in the area and issues that they bring. This method is also 100% humane as the dogs simply chase the geese out of the area.

It's our recommendation that we sign a full year contract for 2023 (Option 3) to cover all the season's and to make sure there's no lapse from the previous years' work. **The \$12,370.05 total for 2023 is an increase from \$11,781.00 which is what we paid in 2022.**

Canada geese control services are recommended to begin in February when geese are beginning to migrate back to the area.

OGC will not be in service from July 1st through July 31st due to the molting season of the geese. Canada geese are unable to fly through their molting as they are rejuvenating fall migration feathers.
