Winter 2022

Council Member Lillian “Patsy” Mills Retires After 36 Years of Service

Patsy Mills was first elected to Mayfield Village Council in 1985 and has served with dedication for the last 36 years, retiring at the end of 2021. Her Ward 2 Council seat has been filled by newly-elected resident Mark Arndt who was sworn in on January 3, 2022. Patsy is pictured above, with Mayor Bodnar in 2017 after being honored as a Founding Member of the Garden Club, with long-time friend Betty Jo Mooney at the Flag Day Ceremony in 2021, and with resident Linda Krah, appropriately dressed for “Lincoln at The Grove” in 2013. Cover story and additional photos on Pages 12 and 13.

Paving the Road Ahead

Memo from the Mayor / Brenda T. Bodnar

In *The Wizard of Oz*, Dorothy and her team link arms as they make their way along the yellow brick road toward Oz. The team encounters challenges along the way, but their path is already laid out for them. In reality, our path is not always fixed—sometimes we must set our own course.

Still facing the challenges of COVID and its impact on our community, we have the opportunity to embrace our future, choose our direction and blaze our trail. We are taking the reins and planning our course. And, as in *The Wizard of Oz*, our strength lies in the talent, compassion, selflessness, ingenuity and sound judgment of our team. While we may not be linking arms, we are working together, planning for our successful future and putting boots on the ground to accomplish our goals.

In this article, I would like to take time out to appreciate the dedicated members of our administration team. It's difficult to decide what order to recognize our department heads so, like Dorothy, I'll go in order of when they joined the team.

First, Diane Wolgamuth, our Director of Administration, is nothing short of a phenom—a person of incredible ability; one who is outstandingly talented and admired. Diane can do just about anything. From keeping the Village running smoothly, to working with our clubs and groups, to building a dock, Diane does it all with heart, skill and dedication. She is both the glue that holds us together and the grease that keeps the cogs turning. Those of us who are fortunate to call Diane our friend (and in Mayfield Village, that includes us

all), know that she is one in a million, and we are truly lucky to have her.

How can I describe Ron Wynne, our Finance Director? No one understands municipal finance in general, or the unique financial positioning of Mayfield Village, the way Ron does. His stalwart planning, budgeting and investing skills, careful spending and complete transparency are the hallmarks of his leadership. Because of Ron, we enjoy a high quality of life without overspending, and we are positioned to continue on our successful path. But, as with Diane, Ron's list of contributions is incomplete without mention of his practical guidance, wry sense of humor and trusted friendship.

Eugene Carcioppolo was our Fire Chief when I began as Mayor, and working with Gino these past six years has been a pleasure. Gino prioritizes the needs of Mayfield Village. Under his fair, orderly and skilled direction, our Fire Department is well-trained, professional and able to respond quickly to assist our residents in their hour of need. Gino's diligent leadership is gilded by his dedication to excellence, as well as his compassion and caring.

Shane McAviney was my first Department Head hire in the Village. Filling the shoes of the legendary Bill Thomas seemed a daunting task. But then we interviewed Shane, and we never looked back. From the get-go, Shane brought not only all the requisite skill and experience, but he also brought with him creativity, positivity, open-mindedness and a tireless joyful spirit. With his focus on "providing settings, conditions and opportunities that enrich

Mayor Brenda T. Bodnar

Memo from the Mayor, continued.

individuals, communities and society,” Shane has raised the bar in the Parks and Rec Department. From entertainment and traditions to senior programming, from youth to adult to adaptive sports and recreation, and from playgrounds to the pool, Shane works tirelessly to provide every member of our community with an outstanding quality of life.

Finding a great Economic Development Manager was the next big challenge. After we interviewed John Marquart, we realized he had checked off all our boxes. Recognizing the challenges of economic development in the 21st Century, as well as the unique positioning of Mayfield Village, John brings diligence, knowledge and skills in this niche arena, coupled with authenticity, thoughtfulness and dedication to building a strong business base as a foundation for our strong community. John is behind our proposed Beta Overlay Zoning District—a concept that will allow our business base to grow and prosper in order to support, not interfere with, the quality of life we enjoy in our residential neighborhoods.

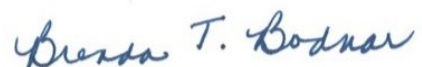

Police Chief Paul Matias was my next Department Head hire. Then “Sergeant” Matias aced the assessment, as well as the interview, stood out in a field of well-qualified candidates, and was the logical choice for Chief. Always mindful of his goals to keep our citizens and officers safe, reduce crime and treat all with fairness, Chief Matias’ intelligent and planned approach to law enforcement blends traditional law enforcement techniques with modern technology to address 21st Century problems. For example, the Chief’s research and analysis of ODOT camera data confirmed a problem with high-speed drivers on I-271. To address this problem during rush hours, when it is dangerous to make traffic stops, Chief Matias proffered a plan to use officer-held speed cameras for photo enforcement. In December, 1,696 warnings were sent to rush hour drivers travelling at 76 or more miles per hour. Beginning in January, real tickets are being sent. Hopefully these warnings and tickets will serve as a wake-up call, reduce dangerous driving and make I-271 safer for all of us to drive.

Last year, we once again had many qualified candidates to fill the vacancy for Service Director, and once again, one candidate stood out above the crowd. Our own Scott Sipos, who came highly recommended, brought with him a well-thought-out plan to improve our Service Department and, in so doing, provide better services to everyone in our community. Scott’s proactive approach to providing courteous, skilled service pays tribute to his role model, the late Gus Amendola, who served as our Service Director from 1973 to 1996. And, like his mentor, Scott’s strong work ethic is surpassed only by his selfless and genuine dedication to Mayfield Village.

Dan Russell, our Building Commissioner, is my most recent department head hire. When I added Dan to the roster less than a year ago, I not only loved his resume, filled with years of experience as well as job skills and certifications, but I valued his people skills too. Dan is genuinely friendly, kind and calm—all traits that we particularly value here in the Village. Dan’s seamless blend of knowledge and considerate guidance have already demonstrated his value to our team and our community.

Our IT manager, Jeff Thomas, while technically a not department head, deserves mention here. Jeff was an invaluable team member before COVID, giving us all the tools we needed to utilize technology to benefit the Village while patiently (and I cannot emphasize that term enough) guiding us through our lack of expertise. But with the advent of the pandemic, Jeff’s skills enabled us to keep going, albeit sometimes virtually, without skipping a beat.

While our tale is different than *The Wizard of Oz*, both our stories have at least two things in common. First, the unflinching courage and indomitable spirit of optimism of our team provides support and encouragement as we face the future and chart our course toward success. And second, of course, there’s no place like home—Mayfield Village.

Patsy Mills / Council Ward 2 Emeritus

I may have retired, but I'm not sure that I'm ready to say goodbye. It's hard to believe that I have served on Council for 36 years. It has been a pleasure watching this fine community grow from a sleepy two-lane rural town with a volunteer fire department, to the modern and vibrant community it is today. I am extremely proud of, and grateful for, the role I have gotten to play in that growth and the contributions I have been able to make.

I always enjoyed volunteering and appreciated the many opportunities I found

when I came to Mayfield Village. It was because of that early service that I then ran for Council. That is why I always sound like a broken record, encouraging people to get involved. It is important and helps us recognize the leaders of tomorrow.

I was pleased to see that Mark Arndt was elected to fill the Ward 2 Council seat. I met him in the weeks leading up to the election and feel confident that he has the best interests of the Village at heart and will do a fine job. Congratulations to him and the other members of Council

that were re-elected for additional terms.

The best part of being on Council is the many friendships I have forged with past and present mayors, fellow council members, committee members, department heads, residents and staff. I will miss taking care of business with all of you, but you can be sure I will continue to pay attention to what is going on. You know, once a busybody, always a busybody!

Thank you for your friendship and support all these years. Best wishes for a happy and healthy 2022.

Patsy Mills
Council Ward 2 Emeritus
1985–2021

Newly-Elected and Re-Elected Council Members Take Office

Pictured, left to right, new Ward 2 Council Member Mark Arndt, Ward 4 Council Member George Williams, Council President Stephen Schutt and At-Large Member Allen Meyers.

At the January 3, 2022, Organizational Meeting, three Council members were sworn in for additional four-year terms. At-Large Council Member Stephen Schutt, At-Large Council Member Allen Meyers and Ward 4 Council Member George Williams were all re-elected last November.

Mark Arndt was elected as the Ward 2 Council representative, filling the vacancy caused by the retirement of Patsy Mills. Mark grew up in the Village and, after leaving for a few years, purchased a home on Eastgate Drive, where he resides with his family. Mark also works in the Village, employed by Omni Systems on Beta Drive. The oath of office was administered to Mark by Lyndhurst Municipal Court Judge Dominic Coletta.

At the same meeting, Stephen Schutt was re-elected as Council President and At-Large Member Jennifer Jurcisek was elected by Council as President *Pro Tem*.

Stephen Schutt / Council President & At-Large

I hope you all had a safe, healthy, and happy Holiday season! I'd like to thank Patsy Mills for all her hard work, knowledge, and dedication to Mayfield Village for her 30+ years of service as a Council representative. When you think of Mayfield Village, Patsy certainly comes to mind. She's a staple of the Village and will be greatly missed on Council but it's great to know that she is just a phone call away. I look forward to seeing Patsy at the various events throughout Mayfield Village.

I would like to thank my fellow Council members for having confidence in me and electing me Council President for 2022. It is an honor and privilege to serve Mayfield

Village and its residents. I look forward to another productive year working with Mayor Bodnar, my fellow Council members, and the department heads and their teams. Congratulations to Councilwoman Jennifer Jurcisek for being elected Council President *Pro Tem*. I would like to congratulate Al Meyers and George Williams for being re-elected, and also congratulate and welcome Mark Arndt as our Ward 2 Council representative.

Last but certainly not least, I hope you all enjoyed Martin Luther King Jr. Day! Hopefully you had a chance to reflect on his life as a leader in the American civil rights movement. Martin Luther King Jr. participated in and led

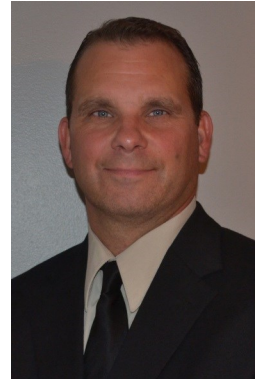

marches for people of color's right to vote, desegregation, labor rights, and other civil rights. His "I Have a Dream" speech on the steps of the Lincoln Memorial is world-renowned. A few of MLK Jr.'s famous quotes include:

"I look to a day when people will not be judged by the color of their skin, but by the content of their character."

"We may have all come on different ships, but we're in the same boat now."

"Injustice anywhere is a threat to justice everywhere."

Hopefully we can all come together to make the world a better place! Please feel free to reach out if you need anything. Stay healthy and safe!

Stephen Schutt
Council President & At-Large

Jennifer Jurcisek / Council President *Pro-Tem* & At-Large

Happy New Year! As we begin this new year, I personally want to extend my gratitude to Ms. Patsy Mills. Although I had the pleasure working with Patsy for only a few short years, I greatly appreciated all her guidance, feedback and suggestions.

During her tenure as Councilwoman for Ward 2, Patsy made a profound impact on not only fellow Council members, but also residents throughout the Village. Even though Patsy's Council days have concluded, I am sure she will continue to have an impact on this Village

through her service on various committees. I personally look forward to seeing her at many Village events in the future. Thank you, Patsy!

Winter is upon us and the Service Department is hard at work keeping the streets clear. As the snow will no doubt continue to fall, please be patient as our Service Department continues to work tirelessly to clear and salt the roads. Remember to take a little extra precaution when driving during this time and to be courteous to your fellow drivers. I hope we see a relatively short winter season!

Please continue to support our local Village businesses. Many continue to feel the impacts of the pandemic including decreases in business as well as extreme staff shortages. We can help our Village businesses and fellow residents cope with the challenges we all currently face by making a conscious effort to do our shopping, dining and entertainment activities local as much as possible. Be supportive, spread the word of your favorite Village spot to your family and friends.

Wishing all our residents a happy and healthy 2022!

Jennifer Jurcisek
Council President *Pro Tem*
& At-Large

Pandemic Legal Update

Michael E. Cicero / Village Prosecutor

I hope the New Year finds each and every one of you in good health and good spirits. Below is a summary of some of the more interesting legislation recently enacted by the Ohio Legislature, which will take effect in the coming weeks:

Senate Bill 54:

- Aims to reduce the number of "spoof" or "robo" calls.
- Allows the Attorney General to investigate alleged violations and to impose civil penalties and specifies that a violation that involves a consumer transaction is considered "an unfair or deceptive act or practice" and authorizes the Attorney General to investigate and prosecute as appropriate.

House Bill 9:

- Prohibits a retailer from selling or otherwise providing a drug containing dextromethorphan to any person under the age of 18 without a valid prescription.

This would ban the sale of certain cough medicines with an intent of reducing minors from "robotripping" on such medicines due to the hallucinogenic effects of dextromethorphan.

More than 125 OTC medicines sold to treat the symptoms of cough and colds have DXM. It is commonly found in brands such as Coricidin, Dimetapp DM, Nyquil, Robitussin, as well as store brands.

The retailer, including a pharmacy, may not knowingly supply, deliver, give, or otherwise provide a drug that contains *any* amount of dextromethorphan to an individual under the age of 18 (without valid prescription). The retailer (and any employee of such retailer) has to request proof of age and identity unless "the outward appearance is such that the seller can reasonably presume the purchaser is 25 or older".

While the retailer, or employee, is not liable for

civil damages, the act labels violations as a minor misdemeanor.

Senate Bill 9:

- Expands the definition of "designated public service worker" to include the following: emergency service telecommunicators, certain Ohio National Guard members, protective service workers, forensic mental health providers, mental health evaluation providers, and regional psychiatric hospital employees.

These individuals are now eligible to have certain residential and familial information exempt from disclosure under Public Records Law, may have their address redacted from any record of the public office that is publicly available on the internet, and may request the county auditor abbreviate their names (and the name of their spouse) on public records.

Senate Bill 126:

- Revises the criminal definition of hazing to: (1) include any act to continue or reinstate membership in or affiliation with any student or other organization, and (2) hazing may include coercing another to consume alcohol or a drug of abuse.

An organization means a national or international organization with which a fraternity, sorority, or other organization is affiliated.

- Adds the following list of people to those prohibited from recklessly permitting hazing: teachers, consultants, alumni, and volunteers of any organization – already included were administrators, employees, and faculty members.
- Specifies that this prohibition applies only to hazing of any person associated with the organization rather than "any person in general" as under former law.

No individual shall recklessly participate in the hazing of another when hazing includes coerced consumption or alcohol or drugs and an administrator, employee, faculty member, teacher, consultant, alumnus, or volunteer, who are acting in an official and professional capacity, must immediately report the knowledge of hazing to local law enforcement.

Violation of this law is a fourth degree misdemeanor (up to 30 days jail and/or a \$250 fine) unless serious physical harm occurs, then it is a first degree misdemeanor (up to 180 days in jail and/or a \$1,000 fine.)

Michael E. Cicero
Village Prosecutor

Proposed Beta Drive Zoning Overlay on May 3 Ballot

John Marquart / Economic Development Manager

Often attributed to Mark Twain, there's an old saying about land: "They're not making any more of it." While that scarcity might be good for investors, it is a problem for economic development. With the exception of Progressive Insurance, Beta Drive is the Village's commercial "bread & butter," but the supply of available commercial real estate is not adequate to grow the tax base. Not only has it become nearly impossible to attract new employers to the Village, it is difficult to even accommodate the growing companies we already have.

In order to preserve, strengthen and grow our commercial base, the time has come to modernize and intensify land use in our core commercial district. By upgrading and enhancing our zoning, we can set the table for future growth and more importantly, provide the flexible framework for our current employers to grow in-place rather than seek greener pastures and relocate elsewhere.

After obtaining approval from the Planning & Zoning Commission and Village Council, the Beta Core Commercial District (BCCD) Overlay will be on the ballot for voter approval at the May 3, 2022 primary election. Proposed for properties on and adjacent to Beta Drive only, the BCCD would give owners the option to reduce setbacks and yard size, and increase building height and density, all within reason, while protecting important requirements such as stormwater management, parking and buffering adjacent uses.

By implementing a zoning *overlay* (as opposed to creating a new district), the *underlying* zoning classifications remain in place and allow property owners to opt for a higher and better use for their land, or let it remain as-is, whichever best suits their needs. An overlay *allows*

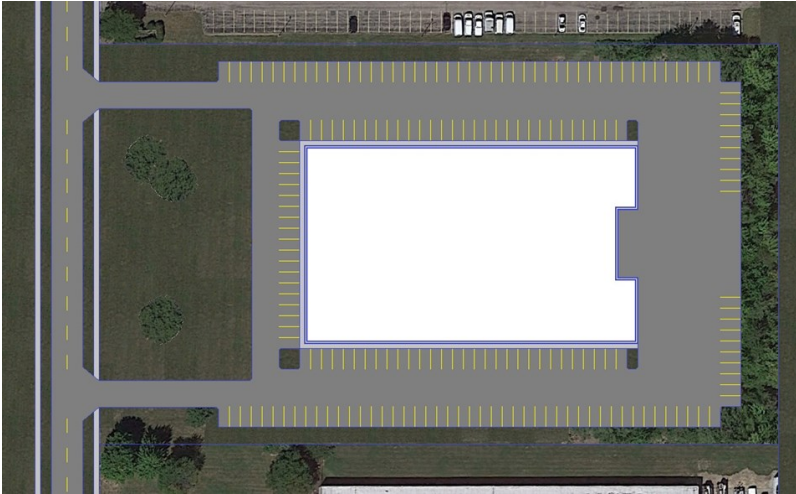

The overlay district is shown here and is proposed for properties on and adjacent to Beta Drive only.

for greater flexibility, but does not *compel* anyone to do anything. While the BCCD would allow for higher yield from our commercial properties, it by no means seeks an inappropriate level of density. Front yard depth would be permitted to be reduced, for example, but no more than what already exists at the corner of Wilson Mills. Similarly, building height would be allowed to increase, but no more than what already exists at our hotels. And because residential development is neither existing nor permitted along Beta Drive, citizens will continue to be protected and buffered from industrial uses.

**...BECAUSE
RESIDENTIAL
DEVELOPMENT IS
NEITHER EXISTING
NOR PERMITTED
ALONG BETA
DRIVE, CITIZENS
WILL CONTINUE TO
BE PROTECTED
AND BUFFERED
FROM INDUSTRIAL
USES.**

As illustrated on the next page, the BCCD would, for example, support light industrial companies in their efforts to grow operations and employment within their existing properties (rather than seek new locations outside the Village). Alternatively, properties could be better utilized to accommodate new revenue-generating tenants. In both cases, property owners would still be required to provide adequate parking and storm-

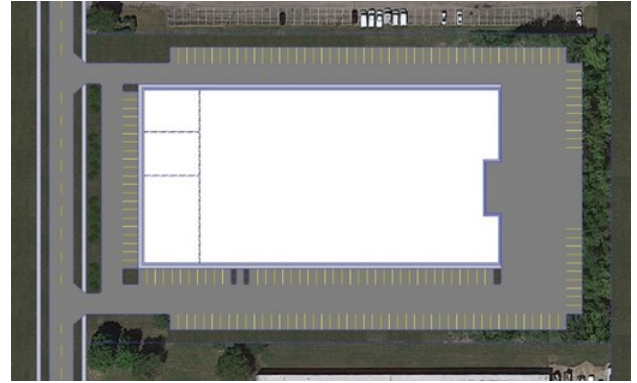

Typical existing light industrial site, characterized by a large front lawn and inefficient use of acreage .

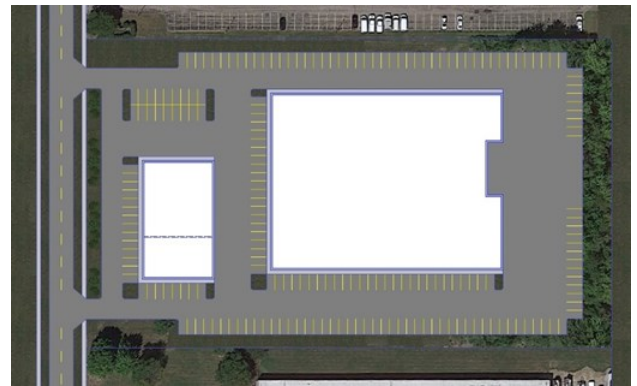

water management, as well as sufficient landscape screening at the rear of the site. Either scenario generates more productivity for the property owner, creates a healthier business environment and positions the Village to better compete against other areas of Greater Cleveland.

A common zoning principal is to avoid zoning for what exists, but rather, to zone for the future. In other words, while there is nothing inherently “wrong” with the way Beta has developed over the years, the BCCD can help set the table for a more dynamic future. A small office building on a one-acre parcel, for example, may not see much benefit from the BCCD immediately, but perhaps someday it could be consolidated with neighboring parcels, allowing something different or more substantial to occur. It may take some time to see any wide-spread changes as a result of the BCCD, but it can pay dividends down the road in terms of growing and diversifying the tax base.

At the end of the day, Mark Twain was right: they’re not making any more land. But with a “Yes” vote on May 3rd, we can make the land we do have more useful, productive and efficient, preserve and enhance our tax base, and set the table for a more sustainable economic future.

With the BCCD option, the front lawn could be reduced to allow for a larger building to accommodate company growth or new tenants.

The BCCD option would also permit construction of an out-building to serve the property or introduce an accessory use, such as retail, to benefit the entire district.

PROPOSED BALLOT LANGUAGE MAY 3, 2022 PRIMARY ELECTION

[Final language to be determined by the
Cuyahoga County Board of Elections]

All Wards Vote at the Civic Center

SHALL CHAPTER 1175 OF THE CODIFIED ORDINANCES OF MAYFIELD VILLAGE ENTITLED BETA CORE COMMERCIAL DISTRICT OVERLAY BE ENACTED AND THE ZONE MAP OF MAYFIELD VILLAGE BE AMENDED SO AS TO OVERLAY THE BETA CORE COMMERCIAL DISTRICT OVER CERTAIN PROPERTIES LOCATED ON BETA DRIVE IN MAYFIELD VILLAGE?

Updated ballot language and the full text of proposed Chapter 1175 can be found on the Village’s website at <http://www.mayfieldvillage.com/government/mv-ballot-issues-2022/beta-zoning-overlay>

Avoiding Vehicle Break-Ins and Scams

Paul Matias / Chief of Police

On behalf of the Police Department, I want to wish everyone a Happy New Year and say thank you to the entire community. Each year during the holiday season, we are reminded of the tremendous support from the Mayfield Village Community. We are eternally grateful for the calls, letters, and other gestures of appreciation. Thank you!

The Mayfield Village Police Department staff works hard every day to deter crime and keep our residents, business, and visitors safe and secure. However, like every other community, we are not insulated from crime.

**MVPD SCAM
HOTLINE
440-461-
1236**

Paul Matias
Chief of Police

Two of the most common threats affecting our community are vehicle break-ins and scams. Everyone can help fight these crimes by taking a few simple steps:

VEHICLE BREAK-INS

- #1: **Lock your vehicle doors** (even when parked in your garage but especially when parked in your driveway).
- #2: **Remove your keys/key fob** from your vehicle.
- #3: **Never leave valuables in your vehicle**, especially if they can be seen from outside the vehicle. If you have to leave valuables in your vehicle, secure them in the glove box or trunk.

SCAMS

- #1: **Never give personal information over the phone or the internet.** Only enter banking or other sensitive personal information on secure websites that you trust. The web address should start with https://, and the web browser should display a closed padlock, which means the connection to the server is encrypted. This will protect your information so no one else can see it or use it.
- #2: **Never pay for anything when someone ask you to pay with gift cards or wire transfers.** Gift cards and wire transfers such as Western Union are the most common methods scammers use to illicit payments from victims.
- #3: **Never send money to receive money.** Scammers will send a check for you to deposit, then ask you withdraw some money to send to them. Scammers will also promise a big payout if you just pay a small fee first. In each case, the check is fake or there is no big payout. The victim just ends up giving their money away.

Mayor Bodnar Appoints Diane A. Calta as Law Director

Diane A. Calta
Director of Law

On January 3, 2022, Mayor Brenda Bodnar administered the oath of office to new Mayfield Village Law Director Diane A. Calta. Diane was hired last year by Mansour Gavin LPA, the law firm serving as the Village's Law Department. Anthony J. Coyne will continue to serve as the Assistant Director of Law.

Many thanks to the Mayor and Council for this opportunity. It is such an honor and a privilege to be back working for the Village as its Law Director. Mayfield Village has always felt like home, and there is truly no feeling like being back home. Growing up I played softball at the Wiley fields, attended Center School, and graduated from Mayfield High School. Additionally, before taking on the role as full time law director in the City of Green, and then the City of Beachwood, I worked as an assistant law director in the Village between 2003 and 2015. Back in those days, I worked on projects like the construction of the police station at Wiley, the land acquisitions for the library on SOM Center Road and the Greenway Trail, along with economic development initiatives along Beta Drive. I look forward to my new role advising the Mayor, Administration, and Council, with the support of my team at Mansour Gavin LPA—Anthony J. Coyne, Katie Weber and Jim Budzik.

A Tribute to Mayfield Village's Most Ardent Supporter Council Member Patsy Mills Retires

No one is more dedicated to or knows Mayfield Village better than Patsy Mills. When a question arises about how, what or when something happened in the Village, we all know to "just call Patsy". There is never any doubt she will know the answer and be able to provide all the details.

Lillian "Patsy" Mills was born on July 8, 1930 and has lived in Mayfield Village for over 50 years, working as a real estate agent and owning a flower shop, while raising her three sons, Art, Ralph, and Jimmy, in her home on Kenwood Drive.

Patsy Mills was first elected to Mayfield Village Council in 1985 and has been a valued Council member for 36 years, having served as Council President and chairing, at some point during her tenure, virtually every Council subcommittee.

Patsy Mills has always been an avid gardener with a love for beautification, flower arranging, horticultural education, event planning, art, music and history. It is because of Patsy that the Civic Center has always been properly adorned with flowers for every season. She was a founding member of the Mayfield Village Garden Club and has been a long-serving member and officer of the Mayfield Women's Club and the Mayfield Township Historical Society.

Patsy Mills' greatest devotion has been to the community of Mayfield Village. She has dedicated a lifetime to government and leadership, offering sound guidance to Council and the Administrations under which she has served, and placing her very personal mark on all special events in the Village, including the Mother's Day Pancake Breakfast and Cruise Night. She has always had great influence on how these events were organized, always willing to help with planning and setup, and always ready to serve residents. For the past 36 years, Patsy has worked at virtually every community event, and we all know she was a fixture making popcorn in the old concession stand trailer.

Mayfield Village would not be recognizable without the contributions of Patsy Mills. Mayfield Village has benefitted from her vast knowledge, her willingness to share it, her participation in countless Mayfield Village events, her support of Mayfield Village improvement projects, and her wisdom in understanding that progress and change can be a positive thing as long as we remember, honor and appreciate our past.

Patsy Mills, "yucking it up" with Parks & Recreation Board members in 2018.

Patsy's tireless dedication to this community is truly unsurpassed. On this occasion of her retirement, Mayor Bodnar, Council, department heads, staff and the residents of Mayfield Village, congratulate her on her many achievements and thank her for her leadership and friendship. We will miss her forthrightness, practicality and awesome sense of humor. And no doubt we will continue to "just call Patsy" whenever a question arises.

Patsy and friends enjoying the Parkview Playground grand re-opening in 2020.

Patsy Mills taking the oath of office on January 8, 2018 after being re-elected to her eighth Council term.

Patsy has served as a judge for the Halloween Window Painting Contest since its inception. Patsy is joined here in 2010 by former Recreation Director Bill Thomas and fellow judges Betty Jo Mooney and Jean Britton.

Always willing to lend a hand, Patsy helped plant a tree at the Police Station on Arbor Day in 2012.

In 2006, at the grand opening of the Parkview Softball Fields, Patsy enjoyed throwing out the first pitch.

Patsy with her fellow Garden Club members at an Installation Dinner at the Kirtland Country Club on May 24, 2017. Patsy was a founding member of the Garden Club that celebrated its 50th Anniversary in 2017.

Scenes from Holiday Celebrations in Mayfield Village!

Enjoy these photos from the many events hosted in Mayfield Village this holiday season, including the tree lighting and menorah lighting ceremonies and Santa's ride through the Village with Mrs. Claus and the elves, this year joined by the Grinch! Congratulations to this year's winners of the Holiday Decorating Contest:

Best of Show: The Gross Family (pictured below)

People's Choice Award: The Hirter Family

Most "Village": The Kaminsky Family

Griswold Award: A Tie! The Shon & Fedor Families

Best Business: Macy House

Best Neighborhood: Glenview, Seneca, Beech Hill and Bonnieview

People Love Parks

Shane McAviney / Director of Parks & Recreation

Early on in my career, in a town far away, I was told by a Service Director that community recreation was the “icing on a cake.” Initially, I was taken aback, but after thinking about it for a few moments, I took it as a compliment. I jokingly responded, “I had a friend one time who had a birthday party, and the cake had no icing, and you know what happened? We never came back!” We looked at each other and laughed. From that point on, we both better understood that all departments within a city have a dynamic function, and even though all aspects of what recreation does for a community are not essential, they are a vital part of a citizen’s life.

For many years, the philosophy in the recreation field was to show that our service was essential. In reality, there are elements that are *essential* but, at the heart of it, it is a *desirable* service. It creates a feeling of being part of a community and addresses a variety of health and social issues, while attracting and maintaining residents. Strong recreation programs, well-maintained, aesthetically pleasing parks and recreation facilities, and easy access to them, are key components to good quality of life.

Imagine a young family looking to purchase a home in a new community. They are considering houses in two neighboring communities. The housing prices are similar, and both include good schools. They decide to explore each community to help make the decision. In one community, they find a small run-down park with old play equipment, a swing that hangs uselessly by one chain. There is evidence of vandalism. The park is quiet with overgrown landscaping. They see no evidence of what activities, if any, occur in this park – or in the community.

In the neighboring community, they also find a park, with well-maintained play equipment and manicured fields. There is a youth soccer game on one field and an adult softball game on another. Tennis players of varying ages fill the tennis courts. Families are enjoying the day walking down a trail. There is a large community pool and live music coming from an amphitheater. As they enter the park, they pass a bulletin board with flyers for a variety of programs: youth sports and programs, family and community events, and activities for adults and senior adults. They now have a decision to make on where they want to raise their family.

People love parks. We know this in our hearts, and we see it with our own eyes. “Parks and Recreation is an essential part of the lives of people. Even a global pandemic did not keep people away from their favorite parks, trails, and recreation opportunities. During the pandemic, 72 percent of U.S. adults either maintained or increased the frequency of their visits to outdoor parks, trails, and other public spaces. Parks and recreation transform our cities, towns, and counties into vibrant, healthy, and resilient communities. It is clear that people place a high value on the programs and services that park and recreation agencies deliver to their local communities every day, strongly support their mission, and desire their voices be heard in the decision making.” *

Recreation may be the icing, but I truly believe the icing is the best part!

“The Recreation and Parks sector is literally and figuratively the heart of any community, it pumps the life-giving blood through any region, touching in a meaningful way, every citizen.” – Ian Hill, Business Leader/Humanitarian

The Mayfield Township Historical Society

Our February 9 meeting and speaker is canceled and the Bennett-Van Curen Historical House is closed for tours until the end of February.

January is membership month. Please pick up a membership form at the Civic Center or print from our Facebook page: Mayfield Township Historic Society (and please like and share our page). Send the form to 606 SOM Center Rd. Mayfield, 44143. Your membership helps to support our mission, yearly projects, school tours, speakers and expenses. Single \$15, Family \$25, Business/Contributing \$50, Lifetime \$500.

The Bennett-Van Curen Historical House

We will be volunteering at the house starting in March. If you would like to share some of your talents with us please call and leave us a message at 440-461-0055 when and how you can help. We are there Mondays from 9-2 but can come in other days to suit your schedule. We have many needs, including computer entry, quilting, research librarian, artifact entry, and program planning.

Our programs are free and open to the public at the Mayfield Community room at 7 p.m. Refreshments are also served. Bring a friend. If you need a ride, call and leave a message.

- **March 9**, Wednesday, 7-9 pm. Judy MacKeigan from the Cleveland Metroparks will take us on a journey of our own **Cuyahoga River, the "Burning River"** from early times to the present. Follow its journey and importance to the NE Ohio area.
- **April 13**, Wednesday, 7-9 pm. **What was it like to live in the White House as a Woman with all the Glitz and Glamor?** Mari Halkovich will share stories of the first ladies and their adventures.
- **May 11**, Wednesday, 7-9 pm. Come and listen to long time **Township Residents who will recall growing up and living in the area** in the '40's and '50's. Share your own stories and bring your questions. Quilt raffle.

Mayfield Women's Club Sponsors Mitten Tree During Holiday Season at the Civic Center

As it has for decades, the Mayfield Women's Club sponsored a Mitten Tree at the Civic Center again this year, requesting the donation of hats, scarves and gloves for children in need. This year, 161 items were collected and donated to Our Savior Lutheran Church.

Pictured with the tree, at right, are Women's Club members Betty Jo Mooney and Carolyn Anthony.

The Village Butcher Opening Soon

An old Mayfield Village friend is bringing The Village Butcher to town in early spring, 2022. Resident and long-time area restaurateur, Carl Quagliata (Smokin' Q's BBQ and Giovanni's), is teaming up with his chef, Zach Ladner, to bring an authentic, old-fashioned artisan meat market and deli to 818 SOM Center Road (between the Civic Center and Heinen's). Currently under construction, The Village Butcher will offer the highest quality locally-sourced and premium, custom meats, cheeses and pastas along with a selection of fresh take-out offerings, such as Italian-style panini and hand-smashed hamburgers.

Amid the buzz of construction, the Village Butcher's service counter takes shape.

In an era where authentic butcher shops have all but disappeared, Quagliata and Ladner plan to return an old-world type operation to the Village. "There are a fair amount of butcher shops on the west side, but we just don't have a whole lot over here on the east side," Ladner said. "I feel like there's a need for it. There's been a movement towards sourcing meat from smaller producers, things that are raised locally, farm-to-table, knowing where your steak came from."

As for why Carl entered into this venture, he states simply, "We're butchers. My two brothers and my father – we were all butchers." All the way back to the family's shops in Collinwood and later, Glenville, Carl says, "I've been doing this since I was 10 years old. I still enjoy working, and it's sort of in your blood when you start out as a butcher. You always want to do that again."

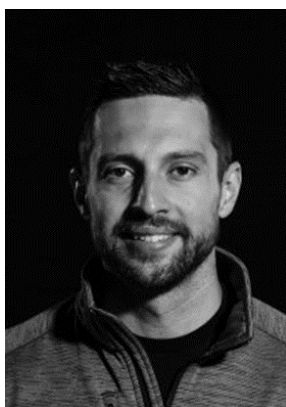

The Village Butcher will be just a stone's throw from Heinen's, but the owners expect to complement the supermarket, not compete directly with it. "Obviously, there will be some overlap, but our goal is to focus on Ohio-raised products, heritage breed type things, specialty cuts and customized orders," Ladner said. "We want to be that neighborhood butcher people can come in and build a relationship with."

Crooked River CrossFit Moving to 731 Beta

Open in the Village since 2013, Crooked River CrossFit has taken every opportunity to expand and improve their gym and training experience for members. On February 1st, co-owners Kyle Eshelman and Marty Pajek take it to another level, moving into a brand new, exceptionally-designed state of the art gym at 731 Beta Drive, unit D. Just a few doors down from their current location, the all new Crooked River CrossFit will house traditional CrossFit classes as well as yoga, endurance, weightlifting and personal training programs.

Kyle Eshelman, Co-owner
& Head Coach

Marty Pajek, Co-owner &
Head Coach

Kyle, Marty and their team of expert coaches have taken all of their experience from decades in the fitness industry to offer the very best in programming, personal attention, equipment and know-how to design an infinite number of heart-pumping CrossFit workouts. Add in a state-of-the-art Wodify station for tracking progress, cubbies to store your personal items and showers to get members moving on with their day, and you end up with the area's premier CrossFit facility. Whether you're looking for large classes, small groups or one-on-one training, Crooked River has it all.

The Crooked River CrossFit team is dedicated to the success of every member. All of the CRC coaches not only deliver quality services with their exceptional knowledge and experience, but they also practice what they preach, striving to constantly improve themselves as athletes. On a personal level, every member of the staff is highly committed to helping members reach their goals to

make lasting and positive changes to health. With over 20 years of experience in the fitness industry, Kyle and Marty know that the CrossFit philosophy works. By combining mastery of exercise mechanics with proven high-intensity training methods, CRC has workouts that will work for you.

With their strong, supportive culture and high standard of service, including nutrition, Crooked River CrossFit simply provides a superior alternative to other "gyms" you might find elsewhere. No matter what fitness level you might currently find yourself, the experienced, certified CRC coaches can help you achieve –and exceed– your goals. Check them out at <https://www.crookedrivercrossfit.com/> or 440-984-6228. Better yet, drop in to see Kyle and Marty at the new location at 731 Beta Drive, unit D (next door to Omni Systems).

Wendy Albin Sattin / Executive Director

www.communitypartnershiponaging.org

Happy new year to our friends in Mayfield Village! Community Partnership is sending our best wishes for a happy, healthy and bright 2022!

Right now, we have suspended on-site lunches and programs in light of the rising number of Covid-19 cases in Cuyahoga County. We are hoping that by the time you are reading this article, things have settled down and we are able to resume programs and lunches. In the meantime, we have shifted to virtual programs and curbside pick up of one week's worth of frozen entrees.

Pickup is on Fridays at the Highland Heights Community Center. Reservations for frozen entrees can be registered at 216-650-4029.

Regarding programs, both virtual and onsite (when they resume), please check out our website www.communitypartnershiponaging.org or current newsletter for more information. Alternatively, please give Carolyn a call at 440-473-5138 and she can answer any questions.

Talking about virtual programming, our popular technology education program will continue throughout 2022. In February we are offering a couple of "Deep Dive" online sessions on a specific topic. We are working on the first topic of "Understanding Your Smart TV" for early February. The second topic will be presented

later in the month. Check on the website or contact Rebekah at (coloursr@communitypartnershiponaging.org or 216- 291-3902) for more details.

March will see another session of "CPA Connects 2U" which is a 6-week introduction to using a laptop. This program is designed for isolated older adults that meet income requirements and do not currently own a laptop. Participants receive a laptop to keep upon successful completion of the class. Again, contact Rebekah if you are interested or know someone that may qualify for the course.

And finally, it wouldn't be a CPA article without a warning to watch out for scammers who have been particularly busy this holiday season. Remember, a sure sign you are being scammed is if the person contacting you asks for some sort of payment by money wire, e-currencies like Bitcoin, or retail or e-tail gift cards. Government agencies, tech companies and utilities do not accept these forms of payment. Questions? Call the County SCAM SQUAD at 216-443-SCAM (7226) or the Mayfield Village Police Scam Hotline at 440-461-1236.

Hillcrest

Food for Thought... MORE THAN A MEAL

Hillcrest Meals on Wheels is a service designed to meet the nutritional needs of homebound senior residents by delivering meals directly to their homes. The service area includes the communities of

Highland Heights Richmond Heights, Mayfield Heights, South Euclid, Lyndhurst, and Mayfield Village.

Meals are delivered Mon through Fri between 11:00 and noon by volunteers. A hot meal with an option of a lunch box is provided at a nominal cost. Meals are prepared by UH Richmond Medical Center.

If you would like to order meals for yourself, someone you know, or would like to volunteer to deliver, please call Judy Conkling, Program Coordinator at (440) 449-3551, or email mealsonwheels@lyndhurst-oh.com for more information.

This Winter... ...use the Right S.A.L.T.

STUFF

Road salt (sodium chloride) only works above 15°F. For colder temperatures use a small amount of sand for added traction, or switch to an ice melting product designed to work at colder temperatures.

AMOUNT

Spreading more salt does not improve deicing. One 12 ounce coffee cup full of salt is enough to cover about 10 sidewalk squares. There should be about 3 inches between salt granules. Be sure to sweep up any excess salt.

LOCATION

Salt only belongs on your sidewalk and driveway and never on your lawn, flower beds, the base of a tree and definitely not in a stream! One teaspoon of salt permanently pollutes 5 gallons of water.

TIME

Salt works best when it is applied before the snow falls or right after snow is removed from your driveway or sidewalk. Never apply salt when rain is in the forecast, as it will wash away into the storm drain and out to our waterways.

For more information on how to reduce stormwater pollution, contact us at 216/524-6580 or visit our website at www.cuyahogaswcd.org

2021 Ordinances & Resolutions

The full text of all Ordinances and Resolutions can be found at mayfieldvillage.com/government/ordinances-and-resolutions or copies can be requested from Council Clerk Mary Betsa at 440-461-0862 or mbetsa@mayfieldvillage.com. All Ordinances and Resolutions were introduced by Mayor Bodnar unless otherwise noted.

ORDINANCES APPROVED BY COUNCIL DURING 2021:

MOTHER'S DAY PANCAKE BREAKFAST

Sunday, May 9, 2022

At the Community Room (6621 Wilson Mills)

2021 brought a new twist to this Mayfield Village tradition and we are doing it again in 2022! Pizzazz will provide a delicious breakfast which includes pancakes, sausage and hash browns with coffee/orange juice. Register for a 45-minute dine-in timeslot. Your food/beverages will be delivered to your table once you are seated. During dine-in, families can have their picture taken with their own camera or have one taken on the Rec Department's tablet and emailed to you. If you wish to enjoy breakfast at home, a curbside option is also available.

Registration begins March 22 for Mayfield Village residents and opens to all on April 11. Must register by April 22. You will be able to pick your timeslot for dine-in/pickup when you register. **No registration or payment will be taken at the door.**

Dine-in at Community Room
8:00 am-1:00 pm
(reservations are for 45 minutes)

\$5/child (5-12 yrs.)
\$9/adult (13-60 yrs.)
\$7/senior

Curbside Pickup at Pizzazz
7:30 -11:15 am (reservations are every 15 minutes)

\$30 Regular Order (serves 4-6 people, beverages not included)
\$18 Additional Order (serves 2-4 people, beverages not included)

The Garden Club will host its annual Garden Shop Sale during breakfast!

Community Recycling

In cooperation with the Cuyahoga County Solid Waste District, Mayfield Village sponsors quarterly week-long recycling events for residents.

Drop off old Computers, Scrap Tires and Household Hazardous Waste at the Service Department

610 SOM Center Road
Mon-Fri 7am to 3 pm / Saturday 9 am to 1 pm

February 5-12
April 9-16
August 6-13
November 5-12

For information about items accepted for recycling, please call 440-442-5506 or visit our website at mayfield-village.com/services/service-department
