Memo

To: Mayor Bodnar, Council President and Members of Council

From: Thomas Cappello, Village Engineer

cc: Department Heads

Date: March 30, 2023

Re: Parkview Pool Chemical Storage Containers

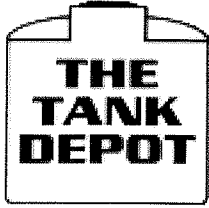

This memo is to request an increase to the original expenditure to The Tank Depot for the purchase of pool chemical storage containers, approved by Council on March 20, 2023, from \$11,305.00 to an amount not to exceed \$13,000.00.

This increase in cost is to cover the factory installation of 2-inch filling, suction, and U-shaped vent fittings in each of the three (3) tanks purchased with a small contingency to cover any possible unforeseen issues. The cost to install these fittings is \$891.00 and a copy of the quote is attached.

Thank you,

Tom
