RE: Replacement of two old Utility Terrain Vehicles (UTV)

Mayfield Village Council,

I would kindly request council approval to replace our 2000 John Deere Gator 6x4 and our 2005 Polaris Ranger 6x6 with one unit capable of completing both missions. Both of these units were first generation and adapted for their use. Both have mechanical issues that we keep repairing. The newer units are designed for this capability and will provide us with safer more capable vehicle. I had \$80,000 budgeted for this purchase but after researching our needs and available options I was able find this solution which will total \$50,157.85.

After hours of research to determine the best solution for a replacement I have concluded that the CAN AM Defender Pro Limited, coupled with the QTAC EMS D skid unit will achieve the best platform for our department to continue its mission in providing superior fire and emergency medical service to our community, in one UTV.

There are two attached quotes one to BRP US Inc in the amount of \$37,005.23. This is for a 2025 CAN AM DEFENDER PRO LIMITED with, brush guards, all emergency lighting, siren, street lights, mirrors installed at the factory and shipped to Mayfield Village Fire Department all covered under factory warranty. The factory beat out three dealerships in the area on the pricing of the outfitted unit. My recommendation is to have these items completed at the factory.

And the other is to MTECH Inc. in the amount of \$13,152.62. This is for the QTAC EMS D Skid unit with provides us with a fire and emergency services capabilities. I have attached the quotes and product information for both.

If approved, I would like council to also declare our current units as surplus to sell on gov deals and I believe we will be able recoup approximately \$10,000.00 from the sale of these units.

2000 John Deere Gator 2000 SN W006X4D011045

2005 Polaris Ranger 6x6 SN 4XARF50A65D728800

Delivery for the UTV and the skid wouldn't take place until January or February. If you have any questions, please feel free to contact me at your earliest convenience.

Yours Truly,

Chief Carcioppolo
