TO: Council President Schutt and Members of Council

FROM: Chief Paul Matias

DATE: December 19, 2024

SUBJ: TAC Renewals

TAC Computer Inc. is the company that currently manages and supports the Police Department Records Management System (RMS). This system manages all police records including incident reports, calls for service, and all dispatch logs. The 2025 renewal for these services is \$14,052.84

TAC Computer Inc. also provides service and support contract for the equipment associated with the RMS. This equipment includes a server, firewall, and approximately 14 computers used by Police and Dispatch staff on a daily basis as part of our normal operations. It is critical having reliable, trained personnel manage our entire RMS system including the network and equipment. The 2025 renewal for these services is \$5,871.00

I request Council approve the agreement with TAC Computer Inc. CAD Services for \$14,052.84 and Hardware/Network Service for \$5871.00.

Respectfully,

Chief Paul Matias
