MEMORANDUM

To: Council President Schutt and Members of Council
From: Fire Chief Eugene Carcioppolo
Date: 04/28/2026
Re: **Purchase of Firefighter Structural Personal Protective Equipment.**

Dear President Schutt and Members of Council,

We have hired (8) eight new part-time employees over the past two years. With these new hires and replacing old gear, we are in need of ten sets of compliant gear. The structural personal protective equipment issued to our firefighters has a definitive lifespan of 10 years pursuant to NFPA 1500. Due to the recent hires and increased cost of gear, I am requesting council approval to outfit these members with the appropriate equipment so that they can safely perform their assigned duties. My operating budget is normally used to replace this gear as it ages out. With these new members beginning and the fact that we don't have any old gear to outfit them, this is a necessary expenditure. My operating budget currently has \$20,000.00 dollars for replacements of worn or damaged gear. We have requested three different quotes from three different manufacturers for structural turnout gear that is comparable to the same safety standard of our current gear. The following is the breakdown of the manufactures and their quotes for helmets, hoods, gloves, turnout coats, turnout pants, boots and flashlights:

1. MES - \$53,920
2. Atlantic Emergency Solutions - \$55, 822.50
3. Fire Force - \$46,800.00.

While this expenditure was not included in this year's capital budget, I am requesting to allocate the money approved for the replacement of vehicle 652 and move that purchase to a future year. I respectfully request approval to authorize payment to Fire Force for \$46,800.00 for the needed equipment.

If you have any questions, please feel free to contact me at your earliest convenience.

Fire Chief Eugene Carcioppolo
