SUBJ: Mobile Data Terminals

In 2020, the Police Department purchased five Mobile Data Terminals (MDTs) to replace old units that had reached the end of their life. The MDTs are installed in our patrol vehicles. They provide access to law enforcement data systems for vehicles, license plates, and information on persons. They also receive alerts and exchange messages with dispatch.

Our current MDTs have reached end of life and need replacement. The attached quote from TAC Computers for the laptops and vehicle adaptors totals \$18,963.80. It includes installation and IT support from TAC Computers.

We were awarded a grant to fund the purchase at a 75%/25% split. The cost to the Village for the MDTs will be the 25% match of \$4,740.95.

I request approval to purchase five MDTs from Tac Computers.

Respectfully,

Chief Paul Matias
