Torrence L. Hinton, President Ohio

April 22, 2026

Brenda Bodnar, Mayor
Mayfield Village
6622 Wilson Mills Road
Mayfield Village, OH 44143

Dear Mayor Bodnar,

At FirstEnergy, we value our relationships with local leaders and remain committed to strengthening the electric grid while providing safe, reliable service to the communities we serve.

In May 2026, FirstEnergy's Ohio electric companies – Ohio Edison, Cleveland Electric Illuminating, and Toledo Edison – will file a three-year electric distribution rate plan with the Public Utilities Commission of Ohio for the period from July 1, 2027, through June 30, 2030.

In 2025, Ohio adopted a new approach that allows utilities to set rates over a forward-looking three-year period, where proposed investments are reviewed before work begins and annual updates are provided to the Commission detailing what was actually spent. This approach supports investment in a modern electric system through a process that is efficient, transparent, and even more accountable to our customers.

Our rate plan supports the delivery of safe, reliable, and affordable electricity to customers in your community through investments aimed at preventing outages and restoring power quickly when disruptions occur, such as enhancing storm protection, trimming trees and vegetation near power lines, and upgrading local poles, wires, and equipment. In addition, our plan includes programs that will provide bill payment assistance for low-income customers as well as tools and incentives to help residential customers use electricity more efficiently and save on their monthly electric bills.

Importantly, our distribution rate plan does not affect the generation supply portion of customers' bills. Generation supply, typically the largest part of a customer's electric bill, is set by third-party suppliers and outside of our control.

Enclosed is a summary of the proposed electric service rates. If approved, new rates for our Ohio customers will likely take effect in July 2027. Full details, including proposed tariff schedules and electric service rates, can be found on the Commission's electronic docket for this case, Case No. 26-0347-EL-AIR, at https://dis.puc.state.oh.us/CaseRecord.aspx?CaseNo=26-0347-EL-AIR&x=0&y=0.

If you would like a hard copy, USB flash drive, or compact disc of the tariff sheets, along with a "Typical Bill Comparison" showing bill impacts, we are happy to provide those at no cost. Please contact us at: FE2026TYRP@firstenergycorp.com.

Sincerely,

Torrence L. Hinton
President, FirstEnergy Ohio

RATE SUMMARY - CEI

Line	Item	Charge/Credit Type	Current Rate	Proposed Rate: Year 1	Proposed Rate: Year 2	Proposed Rate: Year 3
(1)	**Residential Service (Rate RS)**					
(2)						
(3)	**Base Rates**	**Charge/Credit Type**	**Current Rate**	**Proposed Rate: Year 1**	**Proposed Rate: Year 2**	**Proposed Rate: Year 3**
